

NZTI Ltd (trading as Risk Management Group) is committed to the above code of practice. We will use the following strategic plan as our means of ensuring compliance:

All tertiary providers

Strategic Goal	Strategic Plan	2023 Self- Review:
Outcome 1: A learner wellbeing and safety system		
<p>NZTI will take a whole-of-organization approach to ensure a strategic and transparent learner wellbeing and safety system that caters to the diverse needs of our learners.</p>	<ol style="list-style-type: none"> Set strategic goals and objectives (in 2023): Develop clear and measurable objectives aligned with learner wellbeing and safety, incorporating feedback from stakeholders. Conduct regular self-reviews of learner wellbeing and safety practices: Implement systematic self-assessment processes to continuously monitor and enhance our practices. Publicize this plan, revisions, and self-review reports: Ensure transparency by sharing our learner wellbeing and safety plan, updates, and self-review findings with all stakeholders. Determine responsive wellbeing and safety systems for workplace learning: Identify and implement tailored strategies that address the specific wellbeing and safety needs of our learners in workplace settings. 	<p>Developing implementation</p>
Outcome 2: Learner voice		
<p>NZTI will actively engage with diverse learner voices, respecting their mana and autonomy.</p>	<ol style="list-style-type: none"> Establish processes to actively listen to and engage with a diverse range of learner voices: Create mechanisms for learners to provide feedback, suggestions, and concerns. 	<p>Developing implementation</p>

Outcome 3: Safe, inclusive, supportive, and accessible physical and digital learning environments		
<p>NZTI will nurture safe, inclusive, and supportive physical and digital learning environments to enhance the learning experience for all learner groups.</p>	<ol style="list-style-type: none"> 1. Establish safe and inclusive communities: Foster an environment where all learners feel safe, included, and supported. 2. Support learner participation and engagement: Implement initiatives to encourage active participation and engagement among diverse learner groups. 3. Provide healthy and secure physical and digital spaces and facilities: Ensure that physical and digital learning environments are conducive to positive learning experiences. 	<p>Implemented</p>
Outcome 4: Learners are safe and well		
<p>NZTI will help provide learners with the information, support, and resources needed to manage their physical and mental health while promptly addressing those in need.</p>	<ol style="list-style-type: none"> 1. Provide information to learners about assistance for basic needs: Disseminate information on available resources and assistance programs to help learners meet their basic needs. 2. Promote physical and mental health awareness: Implement awareness campaigns and educational programs to encourage healthy lifestyles and mental well-being. 3. Determine proactive monitoring and responsive wellbeing and safety measures for workplace learning: Develop systems to monitor learner wellbeing and safety that can be taken in workplace learning situations. 4. Effectively respond to and process learner complaints: Establish efficient procedures for addressing and resolving learner complaints. 5. Comply with relevant Dispute Resolution Scheme rules for domestic learners: Ensure adherence to the applicable dispute resolution processes for domestic learners. 	<p>Implemented</p>
