

Workplace Health & Safety - Foundation

About this programme

The purpose of this qualification is to provide New Zealand workplaces with people who have the foundation health and safety skills and knowledge to meet workplace health and safety requirements and responsibilities associated with their place of employment and will be able to contribute effectively to the wider community.

This programme is run by RMG under a contractual arrangement with **Te Pūkenga – Work based Learning**

What you will learn

Graduates will be able to:

Apply knowledge of legislative requirements, and workplace health and safety practices to the general workplace environment.

Apply the requirements for workplace health and safety communication to a job role.

Apply the principles of health and safety risk assessment to a job role.

Demonstrate awareness of the benefits of good workplace health and safety practices on themselves, their families, their place of work and wider community.

Qualification Gained
