

Health and Safety Co-ordination: Empowering Workplace Safety Leaders

About this programme

The purpose of this qualification is to provide New Zealand workplaces with people that have the skills and knowledge to promote, monitor and manage health and safety practices and procedures, and a positive health and safety culture in the workplace.

This programme is run by RMG under a contractual arrangement with **Te Pūkenga – Work based Learning**

What you will learn

Graduates will be able to:

Implement, supervise, monitor, and communicate organisational and job specific health and safety requirements and practices, for a team in the workplace.

Utilise leadership skills to promote the benefits of good workplace health and safety practices and a proactive health and safety culture within a team.

Apply knowledge of health and safety risk analyses and mitigation strategies for a team in the workplace.

Recognise the impact of work-related ill health and injuries on a specific business operation and the wider industry.
