HEALTH AND SAFETY PRACTICE UPSKILL

INTENTION

This training short course has been designed for Health & Safety representatives, coordinators, managers and other H & S professionals to be used as a continuing education or upskilling event or just to bring your previous knowledge up to date.

The content has been specifically structured to uncover the key health & safety risk factors affecting the workplace today and to give a deeper understanding of the process for investigating incidents. The course will provide an opportunity for participants to practically apply the skills of incident investigation in order to produce an incident report from an investigation carried out in the workplace.

DELIVERY

This facilitated 2 day (12 hour in total) course involves interactive sessions where real life industry incidents and examples are used.

On successful completion of this course learners will be credited with four unit standards, and Learners who have also previously completed Stage 2 can now be awarded the NZ Certificate in Workplace Health & Safety Practice – Level 3

COURSE COSTS - \$2250 + GST per day + disbursements + NZQA fees # includes a certificate of attendance. (# if run as an SCP no NZQA costs)
